Articulation Agreement

(Based Upon USF and College of San Mateo catalogs for 2007-2008)

This Agreement is to be used as a guide for the purposes of Admission into the University of San Francisco as a transfer student. The Office of Admission will award academic transfer credit as appropriate at the time of admission. All students who wish to receive an undergraduate degree from USF must satisfy the coursework included in the Core Curriculum. All transfer students are encouraged to contact the Admissions Office for clarification of the University procedures and policies at (415) 422-6563. A student need not fulfill all these classes before transferring, however these courses must be completed to graduate from USF.
