10.4	5 – 75 (multiples of 5)	
10.5	Skip	
10.6	24 – 48 (multiples of 3), 59, 61, 64	

- Homework is due at the beginning of class the class period after it was assigned.
- Check the class website for the most updated assignments on the “Homework Assignments” page.
- Please copy the relevant information from the problem and **show all of your own work** for full credit. If you get stuck on a problem, highlight the problem and explain to me where you are having difficulty so I can write you some hints. You can also ask homework questions at the beginning of each class before the assignment is due.
- Come to our study groups in the Math Lab on Mondays, Wednesdays, and Fridays from 1 – 2 pm.
- Free help is available in the Math Lab and Tutoring Center, both on the second floor of Bldg. 9.
- ***Please staple your homework!***

Expect to spend at least ten to twelve hours per week doing homework and studying for this course.

(That works out to about 1.5 to 2 hours per day.)
