

Transcript information as defined by college degree granting institution:

From the UC TAP

List all colleges/universities you have attended, including University of California campuses and any institutions outside the United States. Be sure to list all institutions you attended - regardless of length of attendance, whether courses were completed or whether you believe the record will affect your chances for a TAG with a UC TAG campus or University admission.

From the UC TAG

I certify that I have listed all college/university courses in which I was enrolled, as well as grades I received. I further certify that I have listed all college/university courses in which I am currently enrolled or plan to enroll in for a future term. (You must list all courses in which you were enrolled, with grades, regardless of whether courses were completed, repeated, or whether you believe the course and grade will affect your chances for admission to the university or yield transferable credit. You must also list all courses in which you are currently enrolled or plan to enroll in a future term.)

From CSU Mentor

Please list ALL colleges and universities you will have attended before you enroll at a CSU campus, even if no coursework was completed.

Complete this section regardless of your length of attendance, whether courses were completed, whether you believe the record will affect your chances for admission.

Your application is not complete unless you list all schools you have attended. You will jeopardize your admission or enrollment status in the California State University if you do not:

- (1) Provide correct information about all schools you have attended, or
- (2) Notify the admissions office if you have enrolled in another institution after filing this application.
